

# what T Bar M is doing

TO PREVENT THE ENTRY & SPREAD OF COVID-19

## before camp

### let's do this together

Before you even come to camp, let's work together to minimize the risk at camp with a 14-day increased practice of social distancing before your camp session

- Limit exposure to non-family members
- Avoid large crowds or gatherings
- Limit unnecessary travel
- When unable to social distance, wear a mask per CDC recommendations.

### enhanced staff training with COVID-19 specific content

Each camp will have a dedicated Health & Safety Compliance Director responsible for ensuring compliance of staff and campers regarding new health and safety standards.

### heightened health screening before entry into camp

- Screening for both campers and staff
- Sign additional COVID-19 risk waiver in your T Bar M account
- Complete **Health Screening Form** (emailed to you prior to your camp session) and bring to Opening Day

## openings & closings

### modified drop off & pick up

- Extending drop off window to stagger arrivals
- Parents will stay in cars for the entire drop off and pick up process
- Health screening, including temperature checks of camper upon arrival. Potential follow up assessment with a healthcare professional, if needed.
- All staff will wear face masks around camp families during drop off and pick up

### response in the case of illness

- Updated health center policies, procedures and protocols with COVID-19 specific information
- Isolation and quarantine of campers and employees with COVID-19 like symptoms. Campers will be isolated, assessed, and if appropriate sent home
- Clear communication to all involved
- Will coordinate with local and state health departments

## during camp

### camper interaction

Camper orientation providing information on COVID-19 and the impact at camp

Morning temperature check for all campers and staff before breakfast plus a daily "Are you feeling okay?" symptom check

Emphasis on handwashing with custom built handwashing stations available throughout camp

### physical distancing organizing cabins into family groups (what the state is calling a "cohort")

- Family groups are a handful of cabins/teams grouped together and isolated with one another
- Eliminating or modifying large group programming
- Adjusted activity and meal schedules based on family groups

### face coverings

ALL campers (regardless of age) and staff will be required to wear a face mask while participating in camp except for these times:

- outdoor activities where we can control physical distancing of 6 feet apart
- while actively eating/drinking in the dining halls
- engaged in swimming activities
- special "no mask" physical distancing breaks outside where campers can have some freedom
- while sleeping in their bunk (taking showers)
- there may be other times, like water breaks, that will allow campers to pull their mask down while being appropriately spaced

### camper mail

no daily mail delivery for campers

- Due to increased disinfecting practices on property, letters and packages will not be delivered to cabins
- If sending mail to your camper, please include it inside their trunks this summer
- FREE camper emails are available through your T Bar M account. These emails will be printed and delivered to your camper the following day
- The Camp Store will offer cabin deliveries. You can choose to pre-order camper store items through your T Bar M account.

### camp property & facilities

- Routine cleaning and heightened disinfecting, including activities and equipment

- Emphasis on head to foot bed layouts in camper cabins

- More handwashing and hand sanitizer stations

- Altered Food Service operations to eliminate or reduce contact of frequently touched objects

- Increased visitor restrictions

## after camp

### intensified cleaning

Deep cleaning, disinfecting and sanitizing between camp sessions.

### limit interaction

There is an enhanced risk of campers being in direct contact with anyone age 65 or older for 14 days after the end of your camp session.
