

High School Work Crew Positions

ALL STARS

The All Star program is a T Bar M tradition that we brought back in 1999 with excitement. A team of four high school men and five high school women will serve alongside T Bar M college coaches each session. This is an opportunity to serve the Lord by being a backbone of support for theme nights, cabin operations, food operations, and programming. As an All Star you will be involved in a Bible Study, cabin times, and an accountability system. This team is led by two college students and supervised by T Bar M directors. The All Star program is a great way to learn more about teamwork, responsibility, and how to serve as Christ did ... great tools for students headed into their senior year of high school.

All Stars are: - Young men and women ready to learn how to work and serve.

- Ready for enthusiastic, hard working, fun times at T Bar M Sports Camp.
- Heading into their senior year of high school.
- Living out Colossians 3:23 for others to see!

Compensation: - Room and board

- This is a volunteer position
- All the Christ-Centered Adventure and FUN you can handle!

Note: All applicants that are also interested in attending Camp Travis please reserve your spots now, as space is limited. We will work with you to accommodate your All Star session preferences listed on your application.
